

Astra Zeneca

2023 Batch Drive Date : 26 Jul 2022 **Be strong**

in Resume,Communication.

ROUND 1 (Aptitude , Technical Mcqs) :-

Consists of 55 questions . Totally 1 hour . Mostly Aptitude questions are from directions, Blood relations , Bar graph , Seating Arrangement , Coding Decoding , Simple Interest , Time Speed distance . Technical questions are from c , c++ oops , corejava ,Java oops like Find the output , find error .

ROUND 2 [Technical interview] :-

Its a Technical Round Mainly the questions are from resumes ,projects , area of interest .

There is no such questions outside of the Resume . And 2 programming logic has said to write the Questions are fibonacci of a number , Prime number in the given range . Mostly the exception of the interviewer is our Communication Skills .

ROUND 3 [Technical Interview] :-

Its also a Resume based Technical Round . Same Questions has been asked by Another interviewer . here the Communication has been noted .

Round 4(Hr Round) :-

Atlast in the Hr Round No such questions are asked . Its like a free Talk Round .They ask about the Role, place what you prefer . their expectation for this question is anything is okay . Atlast they said to ask some questions . we can ask any questions to them . That's all about the selection Process .
